

Carl Spaeter GmbH

Overview of the Event

During the trade fair “Wasser Berlin” the Meistersaal served as the meeting point for the participants to discuss the events of the day over food and drink. The subtle lighting and the pleasant background music in the Meistersaal created an elegant and stylish setting for the evening.

After the champagne reception the guests attended a speech in the Meistersaal, which was followed by a sumptuous buffet. During the meal, the voice impressionist Jörg Hammerschmidt provided some hilarious entertainment. The evening ended in a relaxed and cosy atmosphere.
